# Bohemian Lament

(Inspired by the lyrics of *Bohemian Rhapsody* by Queen)

if galileo has his will, poor you and me, just spit and stone
i've had my eye on him mama, he's mean and high,
(he's out to get me)

can't anyone see, this life doesn't come easy
really blows the wind outta poor little me
so fright'ning, shivers up my spine

bismillah spare me! just face me, ohh (nothing)
no thunderbolt down my back,
no lightning, no open skies

let go

let life just leave me, no can do mama
not this boy, i've just begun (life matters to me)

galileo, i pulled you aside,
i sometimes need sympathy, from you to me,
just love me now, for i'm really low

will you never think of poor me,
will you wish me nothing
put me in a fantasy, carry mia away

ah, any body's the devil, you will see
beelzebub loves a boy, any little scaramouche will do
i'm very easy for him galileo, (and you too)

man on man, caught at it again
i'm easy, galileo, and i'm here to come

the boy blows head
magnifico! (go baby go)

put his gun in, as monstrosity from your trigger thrown
ooh, bismillah! my behind is aching
aaaaa!

this little fandang killed figaro, mama
so let me cry, just let me go

oh, nothing matters to baby,
because the truth has not been born
can dead eyes see? no no no

i can go, let matter die
no will against the wind, mama
time for a landslide, just gotta go

bismillah, if nobody matters i'd let you go
family, scaramouche, you, we, all, to ev'rybody,
goodbye
let you all go go go

i will not leave you this way, ohh, mama mia, no
didn't want to die, not really, no

but tomorrow will carry mia away, right mamma
really let me make a late escape?
galileo, mamma (we gotta get him gone)

reality sends this, from me to you,
all very easy, just come look
the real silhouetto, all
not we, you, and not poor me
don't think, nothing matters,
and the time is
now

gotta let time go (really got to go)
let go let go let go
